

# Protect yourself and those you love

## Male circumcision—it's a question of health:

- Reduces men's chances of being infected with HIV and other STIs
- Safe and simple procedure
- Has other health benefits for you and your partner

For more information on free Medical Male Circumcision for males 15 years and older, send a free "Please Call Me" to **076 936 6612** and a counsellor will contact you.
