

# Launch of the Global HIV Prevention Coalition Resource Hub

 20 March 2024

 3:00 – 4:30 GVA time

 Zoom Webinar

The launch of the redesigned GPC Info Hub marks a pivotal moment in our collective quest to meet global HIV prevention targets towards the 2030 goals of ending AIDS as a public health threat. Through meticulous redesign and strategic enhancements, the Info Hub is poised to serve as the quintessential repository for HIV prevention resources for accelerating HIV prevention efforts towards meeting 2025 targets and embodying a vision for a consolidated knowledge management and advocacy nexus for sustainability.

Join us on Zoom for a dynamic and interactive webinar
