Prevention service packages and delivery platforms. Country experience: Ukraine

Dr Volodymyr Kurpita
Director General, Public Health Centre, MOH

Amsterdam, July 2018
Oversight and accountability platform

National Council on combating TB and HIV/AIDS meet quarterly
Key population (PWID, SW, MSM, PLWH, TB people, ex-prisoners, MARA)
Chaired by Vice Prime Minister

Two committees
- program development (prevention sub-group and human rights sub-group)
- regional development

Coalition of three PRs (out of 2 non-government PR - Network of PLWH)
Treatment program

10 552 patients on OST (state funded) at 198 state owned treatment sites

Harm Reduction services are provided to more than 230 000 PWID at 82 NGOs at more than 600 locations

106 241 patients receiving ART at more than 350 treatment sites
Transition plan from donors support to national financing

**SOURCES OF FINANCING**

<table>
<thead>
<tr>
<th>Year</th>
<th>SB</th>
<th>GF</th>
</tr>
</thead>
<tbody>
<tr>
<td>2017</td>
<td>0%</td>
<td>100% (grants)</td>
</tr>
<tr>
<td>2018</td>
<td>0%</td>
<td>100% (20% - using state procurement mechanism)</td>
</tr>
<tr>
<td>2019</td>
<td>50%</td>
<td>50% - grants to the national level coordinator</td>
</tr>
<tr>
<td>2020</td>
<td>80%</td>
<td>20% - grants to the national level coordinator</td>
</tr>
</tbody>
</table>
2018 plans

**Piloting:**
creating the precedent of preventive services procurement via state mechanism

**Institualization:**
Fix concepts, principles and mechanism into the national legislative framework
The challenges

- Durability of procurement processes - up to 68 days in the pilots

- Transfers of funds should be done on the monthly basis

- Service providers might be registered as tax payers
## Service packages and the way to provide

<table>
